

Your Source for Instrumentation & Control Solutions

 Flow	magmeters • thermal mass venturi • variable area • MFC laminar flow • flumes • weirs metering manholes	 Temperature	RTD & thermocouples transmitters • thermowells controllers • switches
 Level	switches & transmitters magnetic sight gauges magnetostrictive • ultrasonic RF admittance • radar • thermal	 Signal Interface	isolators • signal splitters boosters • pneumatics linearizers • frequency millivolt • potentiometers
 Moisture	dew point • %RH • calibrators moisture in gases hydrocarbon dew point	 Alarms	annunciators • programmable trips • events recorders beacons & sounders
 Analyzers-Gas	trace gas analyzers • SOx NOx • CO • CO ₂ • Ozone • H ₂ S NH ₃ • oxygen • TRS • BTU calibrators • sample conditioning	 Control	PID controllers • PLC • DCS manual backup stations SCADA • NET concentrator
 Analyzers-Liquid	conductivity • pH • ORP chlorine • fluoride • DO concentration • turbidity cyanide • calcium • ammonia	 Wireless	I/O networks • smart gateways licensed & license free serial • WiFi • Ethernet • GPRS
 Density	% solids • sludge density concentration • brix • % water consistency	 Pressure	controllers • indicators • gauges transmitters • switches
 Fieldbus	auto-terminating device couplers fully redundant H1 high power intrinsically safe	 Displays	bargraphs • panel meters loop indicators • IS beacons annunciators • rate/totalizers
 Power	transducers • alarms switchboard panel meters transformer monitors	 Gas Detection	toxic • combustible • oxygen deficiency • flame detection
 Buildings	fiberglass one-piece buildings consoles • sunshades	 Cooling Towers	repairs • new installations parts • rental towers

Serving Northern California, Nevada, & Hawaii since 1973

Your Source for Instrumentation & Control Solutions

	Alicat Scientific mass flow controllers & meters pressure & vacuum controllers		Moore Industries signal interfaces • pneumatics temperature • controllers • alarms I/O systems • displays • fieldbus
	AMETEK Drexelbrook level controls for liquids, slurries, granulars & interfaces		Precision Digital panel meters • rate/totalizers small annunciators • gauges
	CIRCOR Tech smart sampling systems • NeSSI class 1 div 1 • metal seal valves		Teledyne API trace gas & CEMS analyzers calibration equipment
	ELPRO wireless I/O networks licensed & license free serial • WiFi • Ethernet • Cellular		Teledyne ISCO automatic & refrigerated samplers open channel flow measurement pulsed doppler • velocity profilers
	Honeywell Analytics Gas detection: toxic & combustible point & open path • flame detectors		Toshiba Mount-Anywhere™ magmeters PLC's • DCS • OIS on-line microwave density meters
	Kurz Instruments thermal mass flow meters for gases flow & level switches for liquids, gases & interfaces		TRACOM fiberglass products • flumes one-piece buildings • weirs metering manholes • sunshades
	M&C Products gas sampling & conditioning process oxygen analyzers		Universal Flow Monitors lube oils, water, chemicals, gases Universal™ vane & piston CoolPoint™ vortex • Insite meters
	ISE Magtech magnetic level gauges & switches magnetostrictive level transmitters		Wescher Instruments bargraph panel meters switchboard instruments transformer temperature monitors
	Michell Instruments dew point transmitters • RH moisture calibrators • portables hydrocarbon dew point in NG		Wyatt Engineering venturi flowmeters • flow tubes orifice plates • flow nozzles
	Monarch Instruments paperless recorders compact data loggers tachometers and speed sensors		ClipperControls.com tech talk • cool stuff application notes • crew info
